Ene 15, 2020

IRVING, Texas, January 15, 2020 (GLOBE NEWSWIRE) -- [Exela Technologies, Inc.](#) (“Exela”) (NASDAQ: XELA), a location-agnostic global business process automation (BPA) leader across numerous industries, today announced that it has entered into a 5-year, \$160 million accounts receivable securitization facility. This facility is the first step in implementing the debt reduction and liquidity improvement initiative announced in the fourth quarter of 2019.

The facility is for an initial five year term, may be extended in accordance with its terms, and is incremental to the existing \$100 million revolver facility maturing in July 2022. The new facility has a lower cost of debt than Exela’s revolving credit facility.

Guggenheim Securities LLC acted as Exela’s financial advisor.
